MUS115 Fundamentals of Music and Sound Design
Week 5 Assignment

Assignment Instructions:

- Using **Audacity**, record a narration of Aesop's fable **'The Fisherman Piping'**. This fable may be found in the **Resources** folder on the week 5 **Moodle** course webpage (**50 pts**).

- Add and spot a music track using the melody from the **Week 2 assignment** or an alternative, original music composition that features the flute (**20 pts**).

- Enhance your story telling by using sound effects (**20 pts**).

- Additional sound effects may be found in the library's sound effect collection (**Sound Ideas the General 6000** and **The Hollywood Edge**).

- To record the narration and the Foley effects, you may use the **CAD U37 USB Studio Condenser Recording Microphone** or the **Turtlebeach X12 Headset** found on reserve in the library.

- Carefully mix all of the tracks according to the Week 5 lecture notes (**10 pts**).

- Save your **Audacity** project as: **mus115_your.user.name_wk05**

- Zip both the **Audacity project file (.aup)** and the **data folder** together.

- Name the **.zip** file as: **mus115_your.user.name_wk05**.

- Upload the **.zip** file to the **Moodle** course folder: **MUS115 Week 5 Assignment**
